Global Trust Foundation Hosts One-Day Technical Forum: The EU Digital Identity Wallets Forum

Berlin, Germany — 9 October 2024 – The Global Trust Foundation is excited to announce its upcoming one-day technical forum, "The EU Digital Identity Wallets Forum" scheduled for 9 October 2024 at the Spielfeld Digital Hub in Berlin, Germany. This event aims to bring together industry leaders, and prominent digital identity wallet experts to explore and exchange views on the latest advancements and current status in this critical technology.

The forum will feature keynote speakers, each of whom are renowned experts, and panel discussions on critical topics such as methodologies, privacy, credentials, and use cases. Attendees will have the opportunity to engage with other experts and network, fostering collaboration and the exchange of ideas.

Event Details:

- **Date:** 9 October 2024

- **Time:** 08:45 to 19:00

- **Location:** Spielfeld Digital Hub GmbH, Skalitzer Straße 85/86, 10997 Berlin, Germany

- **Registration Link:** <https://tinyurl.com/3yb5cfym>

"We are thrilled to host this forum, which serves as a platform for sharing knowledge and inspiring innovation," said Jon Shamah, Director at the Global Trust Foundation "In a rapidly evolving EU Digital Identity Wallet landscape, it's crucial for professionals and experts to stay informed and connected."

Participants will also have the chance to showcase their projects and products in an exhibition area, highlighting their groundbreaking solutions and technologies.

There are only a few tickets left as places are strictly limited. For more information about the event, including the agenda and speaker lineup, please visit <https://globaltrustfoundation.org/walletsforum>
